

WELCOME!

Before you come in, PLEASE READ:

Though you can't see our smiles, we are delighted to have you back in the store!

To keep us all safe, we are welcoming customers into the store who:

- 1. Are wearing face masks**
 - 2. Sanitize their hands at our Welcome Table**
 - 3. Maintain a distance of 6 feet from others**
 - 4. Minimize touching and handling products**
 - 5. Purchase with credit/debit cards or contactless payment only**
- **Masks are required** at all times for staff and customers, including children over two years old. This is for the safety of everyone in the store.
 - **Two people per visit** is our current limit for each appointment. **Children under the age of 16** may shop with an adult but are required to stay with the adult at all times.
 - **Refrain from touching.** As hard as it is, **please only touch items you are planning to purchase.** As the old saying goes, "Look with your eyes and not with your hands!" **We're here to help with your selection process.**
 - **Credit/Debit Cards or other contactless forms of payment only** - We're NOT accepting CASH to eliminate the risk of contamination. Cards will be handled solely by the cardholder.

We'd like to see the whole family, but **shopping visits are limited to two people per appointment** to help control numbers in the store. When you arrive, **stop at our Welcome Table and use our complimentary hand sanitizer.** You'll see several hand sanitizer locations.

We are suggesting a **20 to 30 minute visit per appointment** when there are other customers waiting for their time slot.

You'll notice the store is sparkling clean and we've rearranged to help with safe spacing. Our Toy Experts are cleaning all common surfaces regularly. Instore play areas and demos have been put away.

Questions before your visit? Call 913-385-1234.

We can't wait to see you. We missed you!
